Chapter 1 by Hunterscode

Scott Mcall was the alpha of a pack. His pack was currently having trouble issues, especially after his old best friend came back to steal his power but failed. After defeating Theo Raeken, Scott's girlfriend had to leave Beacon Hills and do something for her pack. She had to join them in order to save Beacon Hills and herself. Something was eating at her so she went to the help of half naked women who convinced her to stay until she was better. Lydia Martin was a banshee (part of his pack) and needed all the time, "Hey. Do you guys hear that?" There was a faint old song replaying in her head over and over. It reminded her of her middle school crush before she moved to Beacon Hills, He loved classic music.
